

THE TOWN OF ANTIGONISH

Employment Opportunity Water/Wastewater Operator (Closes March 26, 2018)

The Town of Antigonish has an opening for a Water/Wastewater Operator at its Water Treatment Plant, Sewage Treatment Plant and Storage facilities. The facilities provide treatment and storage requirements to approximately 12,000 people within the Town of Antigonish and the surrounding area. The position is for full time employment, subject to probationary review.

The successful applicant will be responsible to perform all preventative maintenance on sewer and water mechanical equipment, ensuring responsibilities are met regarding NS Department of Environment Management Systems operating standards and procedures, ensuring safe and efficient operation of equipment. Taking samples and conducting routine tests for sewer and water process controls, transport and mix chemicals and operate equipment for unloading chemicals, taking daily readings and logging any irregularities in process operations.

The preferred candidate would have a two-year technical program related to water and/or wastewater treatment or a one year technical program related to water and/or wastewater treatment plus specialized industry training courses or recognized equivalency. Proof of education, certifications and licenses will be required at the time of submission. Applicants must hold a valid drivers' license. You may be required to complete a skills test.

Pay and benefits are competitive and are established through the Collective Agreement and IBEW Local 1928. Hours of work are 40 hours per week on a rotating schedule.

For further information **regarding qualifications for this position and how to apply for this position** please visit the Town's website at www.townofantigonish.ca.

The Town of Antigonish thanks all applicants, however, only those selected for an interview will be contacted.
