

## **Chlorine Handling and Response Training**

**October 3-4, 2017      Sydney, NS**

### **COURSE OBJECTIVES:**

This two day program has been developed to expand on the existing knowledge base of your staff in the areas of chlorine handling and storage practices as well as response to leaking containers in a first response capacity.

The training facilitators are recognized as international experts in all classes of dangerous goods. The standards which have been employed for this program follow the tenants and specific best practice procedures set out by the Chlorine Institute of America. The Chlorine Institute, Inc. exists: "to support the chlor-alkali industry and serve the public by fostering continuous improvements to safety and the protection of human health and the environment connected with the production, distribution and use of chlorine, sodium and potassium hydroxides, and sodium hypochlorite; and the distribution and use of hydrogen chloride. This support extends to giving continued attention to the security of chlorine handling operations.

### **OUTLINE:**

The structure of this program will be designed to provide the following:

- 1) An overview to the chemical and physical and physical properties of chlorine, hazards of chlorine exposure
- 2) Leak detection, air monitoring
- 3) Personnel Protective Equipment (Level A Suits)
- 4) Container handling practices
- 5) Response procedures including decontamination procedures
- 6) Hands-on practical component involving capping kits

### **REGISTRATION INFORMATION:**

Registration can be made by faxing or mailing the registration form on the reverse of this page, or on-line at [www.acwwa.ca](http://www.acwwa.ca). For further information, please contact ACWWA Section office at 902-434-6002.

### **COURSE FORMAT:**

Every attempt is made to keep the course informal and an enjoyable day-long training experience. Registration starts at 8:00 am, and the instructor will start shortly after 8:30. Wrap-up time is usually around 3:30-4:00pm. Though all workshops are non-smoking, ample breaks are provided for coffee and discussion. Lunch is included.

### **COURSE LOCATION:**

Pottle Lake Water Treatment Plant  
315 Musgrave Lane  
North Sydney, NS
