

# ***Water Distribution***

## ***Level I & II***

***November 20-23, 2017***

***Moncton, MB***

### **COURSE SUMMARY:**

This course will be offered as a combined Level I and II course with topics relevant to Water Distribution.

It will provide a basic knowledge of water distribution practices and focuses on the practical aspects of system construction, operation and maintenance.

The intermediate portion will expand on the basic topics by providing an advanced appreciation of water distribution practices and focuses on the practical aspects of construction, operation and maintenance of water distribution.

It will cover a variety of practical applications for Atlantic Canada and course is recommended for operations staff who maintain Level I and II systems.

### **COURSE FORMAT:**

This course is four days in length. Course manual and other material will be sent to the training facility for each attendee.

It is important to register early to ensure course manuals are ordered. Last minute cancellations and no shows will be responsible for the payment of the course manual. Manuals will be mailed out to those who are not in attendance after the course.
