

## **Climate Change Capacity Building for Resilient Water and Wastewater Infrastructure**

### **WORKSHOP**

**Wednesday October 09, 2019, 9 am to 12 noon**

**Halifax Marriott Harbourfront Hotel, 1919 Upper Water Street, Halifax**

#### **WORKSHOP DESCRIPTION**

This one half day workshop is scheduled to allow attendees who travel to the ACWWA Halifax Conference (and others) the opportunity to attend a “Climate Change Capacity Building for Resilient Water and Wastewater Infrastructure Workshop” to be held on Wednesday October 09 2019, following the ACWWA Conference.

This is the first workshop to be presented as part of the ACWWA project “Incorporating Climate Resilience for Municipal Infrastructure into the Updates of Existing Atlantic Canada Water and Wastewater Guidelines”. The workshop is being presented as part of the Capacity Building component of the project, and provides an opportunity for input into the updates.

Note: Three additional workshops are proposed under the project, one in each of New Brunswick, Newfoundland and Labrador, and Prince Edward Island. The dates and venues will be determined as the project moves forward.

#### **TARGET AUDIENCE**

The targeted audience includes, but is not restricted to, consultants, public works/utility personnel, and equipment suppliers.

#### **OBJECTIVES**

The objectives of the workshop are as follows:

- Provide a brief background of the project;
- Define and discuss “climate resilience”;
- Introduce sources of “climate change” literature;
- Provide examples of global climate change events;
- Discuss provincial activities regarding water and wastewater infrastructure resiliency.
- Provide and solicit examples of water and wastewater systems/projects impacted by climate in Atlantic Canada;
- Discuss how climate resilience is being incorporated in the Updates of the ACWWA Water Guidelines and the ACWWA Wastewater Guidelines.

#### **REGISTRATION FEE**

Funding for the project is provided by Natural Resources Canada’s (NRCan) Building Regional Adaptation Capacity and Expertise (BRACE) program, and therefore there is no registration fee.

## **WORKSHOP FORMAT**

The objective of the workshop is Capacity Building, and therefore the format will be kept informal to encourage participation. The workshop is scheduled from 9:00 am to 12 noon. A Coffee Break will be provided.

## **PRESENTERS**

The Workshop will be presented by the following:

- Danker Kolijn, M.Sc., M.Eng, P.Eng. CBCL Coastal Engineer;
- Mike Chaulk, M.A.Sc., P.Eng, CBCL Water Treatment;
- Mike Abbott, M.Eng., P.Eng, CBCL Wastewater Treatment;
- John Lam, P.Eng, Nova Scotia Environment Senior Water and Wastewater Process Engineer.

## **CONTACT INFORMATION**

Registration can be made by faxing or mailing the registration form below, or on-line at [www.acwwa.ca](http://www.acwwa.ca). For further information, please contact ACWWA Section office at 902-434-6002.
