

## ***Water Distribution***

### ***Level III***

***September 30-October 3, 2019***

***Moncton, NB***

#### **COURSE SUMMARY:**

Water Distribution Level 3 builds on the foundation of Levels 1 & 2 with enhanced technical instruction covering all core competencies. Most of the typical topics are covered in greater depth with additional emphasis on process and supervisory skills as dictated by the ABC “Need-to- Know” criteria.

The supervisory skills section deals with the topics of modern supervisory roles, communication, conflict resolution, time management, budgeting and customer service.

The *Process* section will go into greater depth on conveyance and system safeguarding while the *Support System* section will instigate pumps, chemical metering and control.

The balance of the workshop deals with advanced math and dosage calculations, a more critical analysis of distribution basics and comprehensive operation and maintenance programs.

This course is of value to operators, supervisors, designers and managers.

#### **COURSE FORMAT:**

This course is four days in length. Course manual and other material will be sent to the training facility for each attendee.

It is important to register early to ensure course manuals are ordered. Last minute cancellations and no shows will be responsible for the payment of the course manual. Manuals will be mailed out to those who are not in attendance after the course.

#### **REGISTRATION INFORMATION:**

Registration can be made by faxing or mailing the registration form on the reverse of this page, or on-line at [www.acwwa.ca](http://www.acwwa.ca). For further information, please contact ACWWA Section Office at 902-434-6002.
