

EMPLOYMENT OPPORTUNITY

The Public Service Commission of Bridgewater is seeking a responsible individual to fill the following unionized position:

Water Facility Operator

WORK WITH US

Bridgewater is a thriving town of more than 8,000 people, nestled in the heart of the historical LaHave River Valley. Known as the “Main Street of the South Shore”, Bridgewater offers numerous services and industries to its citizens and the Lunenburg County region. Good planning is essential to the town’s long-term health and sustainability as the community continues to develop and grow. Over the past decade, the Town of Bridgewater has emerged as an international leader in sustainability and energy transition planning and programming.

The Town of Bridgewater is committed to offering equal employment opportunities based on qualifications and performance, and free from discrimination because of age, race or ethnic origin, religion, sex, sexual orientation, disability, family status, gender identity, or other protected characteristics, in accordance with the Nova Scotia Human Rights Code. At the Town of Bridgewater, we strive to make our recruitment, assessment, and selection processes as accessible as possible and provide accommodations as required for applicants with disabilities. If you require any accommodations at any point during the application and hiring process, please contact Ashley.Chase@mjsb.ca

ABOUT THE ROLE

The position of Water Facility Operator is a hands-on position involving the operation and maintenance of the Water Facility System consisting of the following major components: Source Water Area, Treatment, and Distribution. The incumbent will be responsible under the supervision of the Water Facility Supervisor for the effective and efficient operation of the water facility in accordance with the facility’s operation manual and the Approval to Operate.

The Water Facility Operator must possess the following qualifications:

Education:

- High School Diploma or equivalent is required
- Successful completion of a two-year post-secondary program in an Environmental Engineering Technology or water-related field is preferred, or minimum certification as a Class II Water Treatment and Class I Water Distribution Operator plus five years’ experience (in lieu of post-secondary education).

Certification:

- The Operator must hold a minimum of a Class I Water Treatment Certification. Additional certifications above level I in Water Treatment and/or Water Distribution are a strong asset.
- Classification as Facility Operator I, II, III, IV will be based on level of certification, in accordance with the Collective Agreement.
- Valid class 5 NS Divers License is required

Experience:

- Related experience in a municipal field or mechanical/electrical repair/maintenance field is preferred
