

ACWWA ANNUAL CONFERENCE

2024

Welcome to Fredericton and the ACWWA Annual Conference!

We are pleased to welcome you back to The Fredericton Convention Center on the beautiful Wolastoq (Saint John River).

The conference theme this year is **Growing Concern: Adapting for the challenges of Tomorrow**. The water and wastewater industry has provided critical public services for more than a century. Given the challenges of growth and climate change amongst many other issues, the industry must find ways to be adaptable and meet these challenges with solutions.

The Conference schedule will include several days of diverse technical and social events, including awards, recognition, and the ABEA Hospitality Night. The success of the ACWWA annual conference is from generous support of our industry partners. This opportunity provides means to showcase your company to over 400 people from throughout the region.

The Sponsorship Committee has assembled an opportunity for various levels of participation enabling everyone their time in the spotlight.

The success of this conference is made in part, by the generous support of National, Regional and Local businesses and companies.

It is also your opportunity, beyond the conference sessions and Trade Show floor, to reach Municipalities, Regulators, Utility Managers and Operators, Design Professionals, Contractors, Suppliers and other water and wastewater professionals in the industry. This opportunity provides an excellent means to showcase your company, its unique abilities and offerings to a singularly motivated audience of over 400 people from throughout the region.

The Sponsorship Committee has assembled an opportunity for various levels of participation enabling everyone their time in the spotlight.
