Online Course – Instructor Led

Watermain Tapping & Repair

May 3-4, 2021 (8:30 – 12:30 AST)

Course Objective / Description

The objective of this one-day course has been developed to provide participants with training on how to tap watermain and repair pipes in a safe, efficient manner, in compliance with policies, procedures, and legislation. Opportunities for hands-on application have been included to maximize learning and retention.

What will be covered:

- Regulation, policies and procedures
- Complete small and large diameter taps and pipe cutting methods
- Maintenance of tapping equipment
- Identify and repair tap machine components
- Repair procedures, spool piece installation, pipe couplings & connecting methods
- Maintaining safe work procedures and avoiding hazards
- Lateral connection failures and repairs
- Service saddle installations
