

Chlorine Disinfection

June 10-11, 2026

Amherst, NS

COURSE OBJECTIVES:

This two-day workshop is a condensed form of the traditional four-day course. It provides coverage of all fundamental subjects relating to the transportation, safe handling, storage and metering of chlorine gas. Disinfection strategies are reviewed including presentations, group discussions and demonstrations where applicable.

WHO SHOULD ATTEND:

Designed for operators of water and wastewater treatment facilities, this workshop is also recommended for all those working in or providing design and/or support for industries using chlorine and related disinfection agents. Operators must also obtain on site, site-specific training as per WCB regulations.

OUTLINE:

TIME	DAY 1	DAY 2
08:30 - 10:00	<ul style="list-style-type: none">➤ Registration & Introductions➤ Water Quality➤ Multi-Barrier Approach➤ Disinfection Principles	<ul style="list-style-type: none">➤ Math➤ Dosage Calculations➤ Equipment Overview
