Equipment Preventative Maintenance

October 27-28, 2026 (8:30 AM - 12:30 PM AST)

Course Objective / Description:

Some preventative maintenance programs produce unnecessary downtime due to equipment failures, resulting in higher maintenance and operational costs. Optimizing your current preventative maintenance program can save you money. By performing a regular preventive maintenance, you are assured your equipment will operate under safe conditions, both for the equipment and the operators. Possible issues can be found before they have a chance to cause harm.

What will be covered:

- Different types of preventative maintenance
- Deciding what preventative maintenance to do, on what equipment, to what equipment
- Where preventative maintenance fits into an overall maintenance strategy
- Planning and controlling preventative maintenance
- How to improve your preventative maintenance

Lesson	Description	Contact Hours
